

Fire Chiefs Report

January 2026

FYI

Happy New Year!

As we enter 2026, we do so at a very active pace. With the retirement of Captain Quinn, we have completed the application and interview process to fill the resulting vacancy. We were very pleased with the quality of applicants and have concluded all interviews and required testing.

We are pleased to announce the hiring of Chris Laborde, who is currently employed with the City of Anderson and has also been serving part-time with our department. Chris has been with our department for approximately five years. He will complete his final shift with the City of Anderson on January 29 and will transition into our full-time shift rotation shortly thereafter.

The SCSPD Association will be hosting our Legislative Breakfast on January 22 in Columbia. This event provides an excellent opportunity to meet and engage with our local House and Senate members. In today's climate, particularly in light of the GC Fire Service Consolidation Survey, there has never been a more important time to know these individuals by both face and name.

We had ISO in for our survey yesterday and want know the results for several months.
